Emergency Contact, Name and Phone Number

Your pet's health and happiness is our primary concern. If the animal attendant's notice a medical problem they will attempt to contact your emergency number.

An emergency contact number must be provided upon check-in. The emergency contact must be an adult, capable of making decisions regarding your pet's health. Please note, whomever you choose as your emergency contact, they are authorized to make medical decisions for your pet. You will assume all financial responsibilities for approved medical services provided during your pet's stay. Should a life threatening (critical) medical condition occur during their stay, and attempts to reach your emergency contact are unsuccessful, your pet will be taken to the veterinarian with the first available appointment. You will be responsible for all medical charges associated with the management of this event. We do not take responsibility for the loss or damage to any luggage that is brought into our facility. Dates booked must be paid for, even if your plans change and you need to pick up early.
